

# Manufacturing Industry Skills Alliance

**JSC** | **Manufacturing Skills** | **Government In**

## Initial development

Develop initial draft products in line with the Training Product Development Plan.  
Establish Technical Committee.

## Public and government consultation

Release draft products for broad stakeholder feedback in line with Consultation Strategy.

## Incorporating feedback

Update products in line with feedback, publish summary consultation log on website, determine whether further consultation is required.

## Senior Official's check

Seek feedback from Commonwealth, state and territory authorities, amend products as required.

## Submit to Assurance Body

Submit final draft products for endorsement/recommendation to Skills Ministers.

## METHODOLOGY

---

identifies key stakeholders and the communication and consultation methods to
